

BIRD BLOCKER

PROTECTION AGAINST BIRDS.

Made by professionals

Designed with over 20 years of solar experience - Made by solar professionals, for solar professionals.

Fast, easy & reliable

BirdBlocker is fast, easy and reliable. A complete system engineered for minimal installation effort, optimal compatibility and maximized protection.

Prevents damage

Birds nesting under your solar panels, is definitely something you want to avoid. BirdBlocker prevents damages to panels, broken cables or connectors, fire hazards and efficiency loss.
